

the Bell Inequality in accordance with those predicted by quantum mechanics.

In 1991, John came back to UC Berkeley as a research scientist for the physics department while he was a faculty scientist at Lawrence Livermore National Laboratory, where he carried out further tests of Bell's Theorem. John teamed up with three other physicists—Michael Horne, Abner Shimony, and Richard Hold—to further propose an experimental test of Bell's Theorem.

John was named one of the recipients of the Reality Foundation Prize in 1982 and the Wolf Prize in 2010 and was named the Thompson-Reuters Citation Laureate in Physics in 2011. Dr. Clauser was honored with the Nobel Prize in Physics on October 4, 2022, for the initial Bell Inequality experiment and the research that stemmed from it. The original groundbreaking experiment in 1972 along with the more recent research confirmed that quantum mechanics is correct and paved the way for quantum computers, quantum networks, and quantum encrypted communication.

Please join me in congratulating Dr. Clauser on this incredible accomplishment and his contributions to Physics.

REMEMBERING MR. BILLY F.  
DEBERRY

HON. JIMMY PANETTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, November 16, 2022*

Mr. PANETTA. Madam Speaker, I rise today to remember and honor the life of Mr. Billy F. DeBerry, who passed away on September 17, 2022. A local legend and inspiration to our community, Mr. DeBerry's life and enduring contributions made a positive impact to many of my constituents across the Monterey Peninsula. Born on February 7, 1939, in Denmark, Tennessee, Mr. DeBerry spent most of his life in Seaside, California. While working at Alabama State College, Mr. DeBerry and his wife were recruited by Mr. Charlie Knight, marking the beginning of a 32-year-long, influential ca-

reer with the Monterey Peninsula Unified School District.

Mr. DeBerry's prolific career with Monterey Peninsula Unified School District began when he was hired as a professional school counselor for Martin Luther King, Jr. High School in 1968. Two years later, he was promoted to Assistant Principal at Monterey High School, and four years later, he was promoted to Principal. In 1987, Billy joined the Central Office of MPUSD as Director of Personnel and Assistant Superintendent of Personnel. In 1991, he was promoted to Associate Superintendent and would eventually become Superintendent of Schools in 1994. It was this position that Mr. DeBerry would hold until his retirement in 2000.

Throughout Billy's career, he exemplified high standards of integrity, discipline, inclusiveness, and most importantly, compassion. Most notably, Mr. DeBerry worked diligently and tirelessly to become the first and only African American Superintendent of the Monterey Peninsula Unified School District.

These high standards extended beyond his role as Superintendent. Mr. DeBerry worked to lift up the Central Coast through his important and influential positions on the Advisory Board for California State University Monterey Bay Institute for Community Collaborative Studies, the City of Seaside's Mayor's Advisory Committee on Government Efficiency, the Citizens Advisory Committee to the Community Development Program, the Monterey County Civil Grand Jury, the Monterey County Equal Opportunity Advisory Commission, the Monterey County Sheriff's Office Commission, and the Monterey County Economic Development Commission.

Madam Speaker, Mr. Billy DeBerry was the type of dedicated community member, leader, and educator we should all strive to be. His legacy is a shining example and inspiration to us all to become more involved in our communities. It is therefore fitting and proper that we honor him here today.
